

Out of a team of 6 members, four students of KCST were part of the Winning Team in the Tech4good Project. The names of the KCST participants were:

1. Dania Hossny Abdelsamie
2. Abdullah AlKandari
3. Fatma Almousawi
4. Nasser Alsubaie

Dania Hossny went on to take the HCIA (HUAWEI CERTIFIED INFORMATION ASSOCIATE) Cloud services exam at El HamraTower – Huawei branch. The exam covered topics relating to concepts and values of cloud services, architecture and ecosystem of Huawei cloud services, management and application of Huawei cloud computing services, storage services, network services, security services, management and monitoring, relational databases, CDN and cloud video service, and innovative application services. Achieving the highest score, Dania passed the exam and was given the opportunity to go to Dubai to attend the 2021 GITEK event from October 17 to 21.
