

Kuwait College of Science and Technology is fully licensed by the nation's Ministry of Higher Education/Private Universities Council and started its operation in 2016 offering degrees in Computer Science, Computer Engineering and Electronics and Communications Engineering. In 2020, the student population exceeded 1300, and the first cohort of engineers has graduated. The University has an outstanding high research output among all private universities in Kuwait.

One of the University's strategies cornerstone is **Engineering with Leadership**, which means that the University aims to produce engineering graduates who are aware and conversant with management theory and techniques. Thus, its current engineering curricula already contain significant portions of economics, management and entrepreneurship.

The Department of Management is recruiting ambitious academics with a proven track record in teaching and research.
